Dear Parents/Caregivers

Although I am always encouraging of students having full attendance at school, this is a reminder to parents that students should not be sent to school when they are sick. We are experiencing significantly more students who arrive in the morning, only to come to the office by recess requesting to go home. Students do not perform at their best if they are unwell; it is preferable for students to remain at home to recover fully from their ailment, and also to restrict the possibility of illnesses being spread amongst other students.

Yours sincerely

T Price
